

CUSTOM IMAGE

Customize the cover of your Signature Album with your very own design. Your image or artwork will be printed on one of four substrates and will wrap around the entire cover of your album. If selecting canvas, your image is printed on canvas substrate with a coat of lamination for protection. Glossy covers are printed on E-Surface photographic paper with a fine coat of high gloss lamination. The Metallic substrate is printed photographic paper with high gloss, giving off a metallic shine. Matte Metallic Covers are printed on Metallic photographic paper with a coat of matte lamination. Satin Covers are made of E-Surface photographic paper with a fine coat of matte lamination, for a softer fine art feel.

METAL OR ACRYLIC

Three timeless finishes for Metal covers: Vivid Metal (high-gloss), Matte Metal (glare-reducing), or Brushed Metal (metal texture and color). With Acrylic Covers, choose either Gloss Acrylic (high-gloss) or Matte Acrylic (glare-reducing), then your image is printed directly on the backside of a piece of Acrylic for a stunning look. Metal and Acrylic covers are available with Leathers, Linens, Vegan Leathers, and Velvets.
